DSN 553-7312
cookt@manta.nosc.mil

Issues Discussed at 98-2 CCB/TRP (Briefing Item)

- ◆ Y2K Discussion
 - SCC directed 4 digit year throughout M-S-6040
 - All Services agreed that this was the wrong decision
 - All systems must document through NCTSI their inability to use 4 digit date
 - Look for message from CNO N62

Issues Discussed at 98-2 CCB/TRP (Briefing Item)

◆ Automated CM

- JIEO is close to purchasing IRIS DEF
- All C/S/As will have to change CM to remain compliant
- See A.I. 98-002

◆ Army Way Ahead

- USA has initiated efforts to eliminate Army Unique Message Standards and Messages
- USA wants to harmonize data elements between J-Series, K-Series, and USMTF

Issues Discussed at 98-2 CCB/TRP (Briefing Item)

- ◆ DII COE MP WG Update
 - Mr. Win Parks has resigned as chair of the WG

 -

Issues Discussed at 98-1 CCB/TRP (Briefing Item)

- ◆ JIEO Center For Standards New head
 - Mr. Thoma, prior experience with USN Subs
- ◆ U.K. Versioning
 - Structure (After REF Set)
 - VERIDENT/ADATP-3/NATO/10.01.10//
 - U.S. not in favor of concept
 - To be decided at MTFWG in Jan

Issues Discussed at 98-1 CCB/TRP (Briefing Item)

- ◆ USMTF IDH
 - C/S/As agree in principle
 - Movement is slow, Navy in lead
 - MIGT
- ◆ Training
 - Major problem still is lack of Automated Message prep tool

Issues Discussed at 98-1 CCB/TRP (Briefing Item)

◆ DII COE MP S/W

- Funding for Widows 3.1 version of JMPS cut
- No joint/Navy Auto Msg Prep S/W
- Options
 - Continue to fund JMPS
 - Purchase IRIS MFS (\$4.8M)
 - Fund MTF Editor for Windows (\$150K)

Issues Discussed at 98-1 CCB/TRP (Briefing Item)

- ◆ USMTF Electronic CM
 - IOT make process more efficient must go electronic
 - Tool under development by JIEO is MDDB
 - Tool available and in use by NATO is IRIS Def
 - C/S/As agree that IRIS Def is the right choice
 - More to come . . .

Issues Discussed at 98-1 CCB/TRP (Briefing Item)

- ◆ ADatP-3/USMTF Harmonization
- ◆ USMTF Management Plan
 - Similar to JTDLMP
 - Published direction of the USMTF community
- ◆ Shift to MS Word
 - All correspondence and ICPs in the future will be in Word

Automation of U.S. Navy CM Meetings: Electronic Voting

Mr. Pat O'Donohoe
NCTSI, N52A
(619)553-0045
odonohoe@manta.nosc.mil

Agenda Item 98-002

Background

- ◆ **8-10 Oct 97, Harmonization Tiger Team: Results endorsed by J6, CNO N62, CCB reps**
- ◆ **10 Feb 94, 1st OIRG-VTC: Navy OIRG-MTF went to one meeting per year in Oct (TADIL)**
- ◆ **JMCIS Local CCBs - all electronic voting**

Agenda Item 98-002

- ◆ **Problem:** Austerity in all C/S/A's require a more efficient CM process. Operators require faster turnaround for changes.
- ◆ **Immediate Goal:** Transition to electronic CM, 90-day turnaround for operators.
- ◆ **Long term Goal:** Move to creation of single database (USMTF / NATO) & Unified Single Message Standard.

Agenda Item 98-002

Results of Tiger Team meeting

- ◆ Endorsed by CNO, J6, USMTF CCB reps
- ◆ Goals Established:
 - Stop paper distribution
 - Eliminate one TISG per year
 - Move items to the web
 - Mirror CCB/TRP actions electronically
 - Improve timely response to FLEET

Agenda Item 98-002

- ◆ Accelerate & Automate Navy CM Agenda IAW USMTF CCB/TRP (electronic policy):
See JIEO Circular 9153 of July 97.
- ◆ JIEO CFS website: www-usmtf.itsi.disa.mil
- ◆ Navy agenda items distributed by website:
webix.nosc.mil/nctsi/n5
- ◆ Possible future TISG/OIRG-MTF:
Combined meeting this year (21-22 Oct '98)
with the OIRG-TADIL (19-20 Oct '98)
